PROOF OF BUSINESS REGISTRATION P.L. 2009, c.315
Reforms Business Registration Certificate Filing; permits filing prior to award of contracts if not filed with bid. Effective with bids received and contracts awarded after January 18, 2010, this law removes the requirement of the Local Public Contracts Law (N.J.S.A. 40A:11-23.2) that required a bid to be rejected if the bidder failed to include a BRC with the bid, even though it may have been the otherwise lowest responsible bid. The law now allows the BRC to be filed anytime prior to award of the contract and the bidder had to have obtained the BRC prior to receipt of bids. This permits the BRC to be required with a bid, or submitted subsequently. If a BRC is required in a bid, but not submitted with the bid, it would an immaterial defect; curable by being filed prior to award of the contract. A BRC is obtained from the New Jersey Division of Revenue. Information on obtaining a BRC is available on the internet at www.nj.gov/njibs or by phone at (609) 292-1730.

Pay to Play
Starting in January, 2007, business entities are advised of their responsibility to file an annual disclosure statement of political contributions with the New Jersey Election Law Enforcement Commission (ELEC) pursuant to N.J.S.A. 19:44A-20.27 if they receive contracts in excess of $50,000 from public entities in a calendar year. Business entities are responsible for determining if filing is necessary. Additional information on this requirement is available from ELEC at 888-313-3532 or at www.elec.state.nj.us.

GENERAL CONSIDERATIONS
Competitive Contracting is a formal procurement process governed by the New Jersey State Local Public Contracts Law and Rules. The process utilizes an RFP containing thoroughly developed specifications and scope of services, criteria for evaluating proposals and statutorily required language and forms. Responses are ranked by a team, on the RFP criteria, using a detailed methodology leading to a recommendation to the governing body to award a contract based on price and other factors.

PROVIDING INFORMATION
Information will be made available at the County Office during regular business hours. The County shall provide access, within reason, and at no cost to the Contractor, to all information on file with the County and needed by the Contractor to complete the Project.
**Method of Accomplishment**

The RFP responses shall contain a narrative description of the proposed approach to the project. Restating of the RFP will be considered an unacceptable response.

This section shall include a listing of the resources identified for use in the project.

**Project Level of Effort**

The proposal shall include a project level of effort estimate based on, and corresponding to, the Scope of Service provided in this RFP and the Respondents Method of Accomplishment section. The estimate shall contain a task-oriented schedule, which identifies milestones and their proposed initiation and completion dates.
**Evaluation Process**
An Evaluation Team will review all proposals to determine if they satisfy the proposal requirements, determine if a proposal should be rejected and evaluate the proposals based upon the Evaluation Criteria. The highest-ranking Respondent will then be recommended by the Evaluation Team to The Mercer County Board of Chosen Freeholders for award of contract.

**Evaluation Criteria**
The criteria considered in the evaluation of each proposal is as follows. The arrangement of the criteria is not meant to imply order of importance in the selection process. The criteria weighting will be presented at the scheduled opening of proposals. All criteria will be used to select the Successful Respondent.

**Understanding of the Requested Work**
This will be based on the quality of the content of the RFP and the Respondent’s ability to communicate a thorough understanding of the required tasks and the approach to meet the scope of work outlined in the RFP. The proposals will be evaluated for general compliance with the instructions and requests issued in the RFP. Non-compliance with the significant instructions will be grounds for disqualification of proposals.

**Knowledge and Professional Competence**
This includes the ability of the Respondent to perform all of the tasks and fulfill adequately the stated requirements. The prospective contractor will be evaluated on suitability for the tasks required. Proposals should contain complete discussions regarding technical processes and qualifications. Receipt of high quality service is of great importance to the County. Disregard of this directive may disqualify the Respondent from further consideration.

**Ability to Complete the Project in a Timely Manner**
This is based on the estimated duration of the tasks and overall schedule and the Respondent’s ability to accomplish these tasks as stated. The County is interested in the ability of the Contractor to complete the project in a competent and expeditious manner based on the workload of the firm, availability of qualified staff, equipment and facilities.

Respondents have the option of engaging the services of Subcontractors for completion of this project. If the proposal involves any Subcontractors, provide full details on the nature of work to be performed by them and the location in which the work is to be performed.

**Management, Experience and Personnel Qualifications**
An employee of the Respondent shall be identified as the Project Manager. Technical expertise of the firm shall be demonstrated by past successes providing government agencies and private companies with similar services. The Project Manager and other key personnel will be evaluated on knowledge, experience, prior collaboration and successful completion of services similar to that requested in this RFP.

In addition to relevant project experience, Respondents are asked to provide personnel qualifications in the Proposal. The Subcontractors’ qualifications must also be detailed in the Qualification Statement of the proposal.

**Cost**
Lowest cost proposal divided by next low cost, multiplied by points
Example: cost assigned 30 points, lowest cost proposal $100,000 next low $120,000
(Divide the low cost by the next low) multiplied by 30 = (100,000/120,000) * 30 = 25
Low cost respondents earns 30 points, next low earns 25 points, etc.
**Notice of Award**
The Successful Respondent will be notified of the award of contract upon a favorable decision by the Office of Purchasing.

**Proposals to Remain Subject to Acceptance**

RFP responses shall remain open for a period of sixty (60) calendar days from the stated submittal date. The County will either award the Contract within the applicable time period or reject all proposals.

The County may extend the decision to award or reject all proposals beyond the sixty (60) calendar days when the proposals of any Respondents who consent thereto may, at the request of the County, be held for consideration for such longer period as may be agreed.

The dates for proofreading of all items are mandatory as well as the dates for delivery of sample ballots to the mailer, delivery of Emergency ballots and Statement of Canvass, and Machine Ballot Faces. All dates are mandatory unless the County Clerk notifies the vendor to the contrary in writing. Mercer County has 12 municipalities and approximately 243 election districts. There are approximately 235,085 registered voters.

All proofreading and finished materials shall be submitted and delivered in entire town and election district order. All text is to be printed in Black or Red Ink.

Mercer County currently uses Dominion AVC Advantage voting machines (38.5. x 28.). Machine ballot faces are to be printed on 50# offset white paper (LOW OPACITY).

The County Clerk’s staff prior to printing shall proofread all ballots. Proofreading is to be delivered in town election district order. The names of the Municipality shall be printed at the top of each ballot. The ward and district number shall also be printed on the bottom left next to or under the name of the Municipality. Masters for proofreading shall be delivered to the County Clerk’s staff beginning four to five weeks prior to the election. Delivery of Machine ballots to the Voting Machine Warehouse, located at 1 North Johnston, Hamilton, NJ 08609 shall begin three weeks prior to election.

The County Clerk’s office shall supply the vendor with lists of Congressional or Legislative breakdown by municipality, as well as total districts per Congressional or Legislative district. The vendor shall also receive a municipality breakdown by local number of election districts and a list of all offices and candidates, as well as County Committee candidates from the County Clerk’s Office.
Due to the addition of County Committee candidates, this would necessitate that changes be made to the Candidates for County Committee in the ballots for all 243 Election Districts. There are usually two (2) candidates per Election District, per political party.

The total number of machine ballot faces required for the Primary depends upon the number of Congressional or Legislative districts, bilingual election districts, and by number of municipalities. In addition to the machine ballot faces for each election district, the warehouse will require two (2) extra copies for each Municipality. This office will require one (1) copy of an approved Machine ballot face for each election district.

2. **EMERGENCY BALLOTS (SAMPLE ATTACHED)**
Proofs shall be submitted to the County Clerk’s Office prior to printing (in entire town order). Vendor may have to delete or add instructions to the Emergency Ballot. Each town’s emergency ballots shall include the names of all County Committee running on that ballot in district order within the Municipality. Proofs shall be delivered to the County Clerk’s office. When delivering these ballots, each town’s ballots shall be wrapped separately. The total numbers of Emergency Ballots required by town are the number of districts, plus 1, times 30, padded in groups of thirty. (Double this number, as you will be quoting on separate Republican and Democratic ballots). Democratic ballots are to be printed on green paper, Republican ballots to be printed on pink paper. These ballots are to be delivered to the Voting Machine Warehouse. The ballot size shall be approximately 8.5” X 20”; a small supply of Emergency ballots shall be delivered to the County Clerk’s Office.

The County Clerk’s office shall supply the vendor with lists of Congressional or Legislative breakdown by municipality, as well as total districts per Congressional or Legislative district. The vendor shall also receive a municipality breakdown by local number of election districts and a list of all offices and candidates, as well as County Committee candidates from the County Clerk’s Office. In the Primary the Emergency Ballots are printed on 2 sides allowing for the County Committee candidates to be printed on the reverse side.

Due to the addition of County Committee candidates in 2018 and 2020, this would necessitate that changes be made to the Candidates for County Committee in the ballots for all 243 Election Districts. There are usually two (2) candidates per Election District per political party. Democratic ballots are to be printed on green paper, Republican ballots to be printed on pink paper.

3. **SAMPLE BALLOTS (SAMPLE ATTACHED)**
Sample ballots shall be a facsimile of the Voting Machine (scale used must be approved by the County Clerk). If the vendor wishes to submit a sample of scale, they may do so as an attachment to the price quotation. Sample ballots shall be 50-pound white paper. Polling location is to be enclosed in a black-boxed area. The master for proofreading shall be delivered to the County Clerk’s Office, prior to the printing, (in entire town and district order). There will be approximately 243 polling place locations. Mercer County has 12 municipalities and approximately 243 election districts. EXCERPTS FROM THE EEOC SEXUAL HARASSMENT GUIDELINES

PART 1604 -- GUIDELINES ON DISCRIMINATION BECAUSE OF SEX

1604.11 Sexual Harassment

(a) Harassment on the basis of sex is a violation of Sec. 703 of Title VII (of the Civil Rights Act of 1964). Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment when (1) submission to such conduct is made either explicitly or implicitly a term or condition of an individual’s employment, (2) submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual, or or (3) such conduct has the purpose or effect of unreasonably interfering with an individual’s work performance or creating an intimidating, hostile or offensive working environment.

(b) In determining whether alleged conduct constitutes sexual harassment, The Commission (EEOC) will look at the record as a whole and at the totality of the circumstances, such as the nature of the sexual advances and the context in which the alleged incidents occurred. The determination of the legality of a particular action will be made from the facts, on a case by case basis.

(c) Applying general Title VII principles, an employer, employment agency, joint apprenticeship committee or labor organization (hereinafter collectively referred to as “employer”) is responsible for its acts and those of its agents and supervisory employees with respect to sexual harassment regardless of whether the specific acts complained of were authorized or even forbidden by the employer and whether the employer knew or should have known of their occurrence. The Commission will examine the circumstances of the particular employment relationship and the job functions performed by the individual in determining whether an individual in determining whether an individual acts in either a supervisory or agency capacity.

(d) With respect to conduct between fellow employees, employer is responsible for acts of sexual harassment in the workplace where the employer (or its agents or supervisory employees) knows or should have known of the conduct, unless it can be show that it took immediate and appropriate corrective action.

(e) An employer may also be responsible for the acts of non-employees, with respect to sexual harassment of employees in the workplace, where the employer (or its agents or supervisory employees) knows or should have known of the conduct and fails to take immediate and appropriate corrective action. In reviewing these cases the Commission will consider the extent of the employer’s control and any other legal responsibility, which the employer may have with respect to the conduct of such non-employees.
The CONTRACTOR and the County of Mercer do hereby agree that the provisions of Title II of the Americans With Disabilities Act of 1990 (the “Act”) (42 U.S.C. §12101 et seq.), which prohibits discrimination on the basis of disability by public entities in all services, programs and activities provided or made available by public entities, and the rules and regulations promulgated pursuant hereunto, are made a part of this contract. In providing any aid, benefit, or service on behalf of the County pursuant to this contract, the CONTRACTOR agrees that the performance shall be in strict compliance with the Act. In the event that the CONTRACTOR, its agents, servants, employees, or subcontractors violate or are alleged to have violated the Act during the performance of this contract, the CONTRACTOR shall defend the County in any action or administrative proceeding commenced pursuant to this Act. The CONTRACTOR shall indemnify, protect, and save harmless the County, its agents, servants, and employees from and against any and all suits, claims, losses demands, or damages, of whatever kind or nature arising out of or claimed to arise out of the alleged violation. The CONTRACTOR shall, at its own expense, appear, defend, and pay any and all charges for legal services and any and all costs and other expenses arising from such action or administrative proceeding or incurred in connection therewith. In any and all complaints brought pursuant to the County grievance procedure, the CONTRACTOR agrees to abide by any decision of the County which is rendered pursuant to said grievance procedure. If any action or administrative proceeding results in an award of damages against the County or if the County incurs any expense to cure a violation of the ADA which has been brought pursuant to its grievance procedure, the CONTRACTOR shall satisfy and discharge the same at its own expense.

The County shall, as soon, practicable after a claim has been made against it, give written notice thereof to the CONTRACTOR along with full and complete particulars of the claim. If any action or administrative proceedings is brought against the County or any of its agents, servants, and employees, the County shall expeditiously forward or have forwarded to the CONTRACTOR every demand, complaint, notice, summons, pleading, or other process received by the County or its representatives.

It is expressly agreed and understood that any approval by the County of the services provided by the CONTRACTOR pursuant to this contract will not relieve the CONTRACTOR of the obligation to comply with the Act and to defend, indemnify, protect, and save harmless the County pursuant to this paragraph.

It is further agreed and understood that the County assumes no obligation to indemnify or save harmless the CONTRACTOR, its agents, servants, employees and subcontractors for any claim which may arise out of their performance of this Agreement. Furthermore, the CONTRACTOR expressly understands and agrees that the provisions of this indemnification clause shall in no way limit the CONTRACTOR’S obligations assumed in this agreement, nor shall they be construed to relieve the CONTRACTOR from any liability, nor preclude the County from taking any other actions available to it under any other provisions of the Agreement or otherwise at law.
